

Steel H Frame with High Load Capacity and Sturdy Construction

Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Model Number: BT04

Product Specification

- Color: Steel, Painted Color
- Stability: High
- Size: Customized
- Weight: Lightweight
- Flexibility: High
- Cost-effectiveness: Yes
- Easy Dismantling: Yes
- Easy Installation: Yes

Product Description

Product Description:

Frame System Scaffolding is a safe, cost-effective, and highly reliable mobile scaffolding system. Made from superior quality steel, it can bear a considerable amount of weight while ensuring maximum stability. It is ideal for indoor and outdoor applications, such as construction, maintenance, painting, and other repair works. Its walk-through design makes it easy to move around or relocate across different work areas. Furthermore, its frame scaffolding system enables quick and easy assembly, making it the ideal choice for any construction project. With Frame System Scaffolding, you can be assured of a secure, reliable, and cost-effective scaffolding solution.

Features:

Product Name: Frame System Scaffolding

Weight: Lightweight

Load Capacity: High

Surface Treatment: Powder Coating

Easy Installation: Yes

Reusability: Yes

Special Attributes: Scaffolding System for Construction, H Frame, H Scaffold System
