Silver Scaffolding Coupler For Construction Standards EN74-1

Our Product Introduction

Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding coupler
- Model Number: BM201
- Minimum Order Quantity: 1000
- Price: 4.5
- Delivery Time: 15-25

Product Specification

- Application: Construction
- Surface Treatment: Galvanized
- Package: Container
- Feature: High Strength
- Color: Silver
- Material: Steel
- Standard: EN74-1
- Type: Right Angle
- Highlight: **Silver Scaffolding Coupler**, **Construction Silver Scaffolding Coupler**, **EN74-1 Right Angle Coupler**

Product Description

Silver Scaffolding Coupler For Construction Standards EN74-1

Product Description:

Scaffolding Coupler is a kind of indispensable accessory for tubular scaffolding systems, which is used to connect two tubes. It is made of high quality steel, with silver color and galvanized surface treatment, providing superior corrosion and rust resistance. This right angle coupler is designed to fit two steel pipe frames together with ease, providing a secure and stable connection. The package of Scaffolding Coupler is container, which ensures the safety and integrity of the product. Our steel pipe coupler is suitable for all kinds of tubular scaffolding systems, and the galvanized coupler is a perfect choice for extra corrosion protection.

Features:

Product Name: Scaffolding Coupler
Color: Silver
Material: Steel
Surface Treatment: Galvanized
Standard: EN74-1
MOQ: 1000
Special Features: Scaffolding Putlog Coupler, Fixed Fasteners, Scaffolding Joint Coupler

Technical Parameters:

Name	Scaffolding Coupler
Material	Galvanized Steel
Application	Construction
Feature	High Strength
Color	Silver
Standard	EN74-1
Package	Container
Surface Treatment	Galvanized
MOQ	1000
Type	Right Angle
Special Feature	British Coupler, Building Fasteners

Applications:

Scaffolding Coupler – BM201

High Quality Galvanized Coupler for Securing Scaffolding

Scaffolding Coupler BM201 is a high quality and durable galvanized coupler for securing scaffolding. This coupler is made of steel and features a galvanized surface treatment for great corrosion resistance, making it suitable for a variety of construction projects. The coupler is EN74-1 standard compliant, ensuring a high level of safety and quality. The coupler also offers high strength, making it an ideal choice for a wide range of scaffolding applications.
Scaffolding Coupler BM201 is available in a variety of sizes and packages and comes with a minimum order quantity of 1000. The price of this coupler is 4.5 and delivery time is 15-25 days.
If you are looking for a high quality and durable coupler for securing scaffolding, Scaffolding Coupler BM201 is your ideal choice!

Customization:

Scaffolding Coupler

Brand Name: scaffolding coupler
Model Number: BM201
