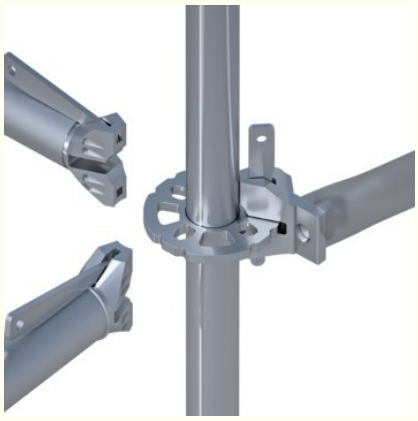
# Hot Dip Galvanized Ringlock System Scaffolding For Industrial Architecture Design

Our Product Introduction

## Basic Information

- Place of Origin: Tianjin China
- Brand Name: Bythai
- Certification: SGS ISO
- Model Number: BT203
- Minimum Order Quantity: 1000
- Price: 10.8-85.5
- Packaging Details: In bundles
- Delivery Time: 10-15
- Payment Terms: TT/TC



## Product Specification

- Warranty: 2 Years
- Application Scenarios: Architecture
- Surface Treatment: Hot-dip Galvanized
- Material: Q235 Steel
- Design Style: Industrial
- Product Name: Ringlock System
- Application: Building
- Highlight: **Industrial Ringlock System Scaffolding**, **Industrial Architecture Design Ringlock System Scaffolding** , **Hot dip Galvanized Ringlock System Scaffolding**

## Product Description

### Product Description:

The Ringlock System is ideal for building applications, especially in architecture scenarios where a strong and reliable scaffolding system is required. This system is easy to assemble and disassemble, making it a popular choice for construction projects of all sizes. Its unique design allows for quick and easy installation, with no need for additional bolts or tools.
The Ringlock System is made up of several components, including the ringlock scaffolding, the ringlock ledger head, and the ringlock standard. These components work together to create a secure and stable scaffolding system that can support heavy loads and withstand high winds. The ringlock ledger head is a key component of this system, providing a strong connection point for the horizontal ledgers that support the scaffolding platform.
With a 2-year warranty, the Ringlock System Scaffolding is a reliable and long-lasting solution for any building project. Its hot-dip galvanized surface treatment ensures that it remains in top condition, even after years of use. This system is designed to provide maximum safety and stability, making it a popular choice for construction companies and contractors around the world.

### Features:

Product Name: Ringlock System Scaffolding
Application: Building
Application scenarios: Architecture
Product Name: Ringlock System
Surface Treatment: Hot-dip Galvanized
Material: Q235 Steel
Features:
Ringlock Ledger Head
Hot dip galvanized ringlock
Scaffold Coupler System

### Technical Parameters:

| | |
|---|---|
| Product Name: | Ringlock System |
| Design Style: | Industrial |
| Material: | Q235 Steel |
| Surface Treatment: | Hot-dip Galvanized |
| Place of Origin: | Tianjin China |
| Shipping Origin: | China |
| Application Scenarios: | Architecture |
| Application: | Building |
| Advanced Ringlock Technology: | Yes |
| Secure Scaffolding Joints: | Yes |
| Warranty: | 2 Years |
